

Liverpool Range Wind Farm

Consultation Week has been postponed due to the COVID-19 outbreak in NSW and interstate travel restrictions.

DATE CHANGE

Meeting in-person is critical to consultation on major projects, such as this one. We have therefore decided to postpone our plans to travel to NSW to undertake consultation activities during the week of 5 - 9 July.

With plans dependent on whether COVID travel restrictions are in place at the time, we are now aiming for the week of 26 - 30 July for consultation activities. We will endeavour to provide 2 weeks' notice to confirm the dates, and consultation will still follow the same format as outlined below.

PROPOSED ALTERNATIVE DATES:

DAY 1 (27 JULY)

10.30am – 12.30pm
Drop-in information session

12.30 – 1.30pm
Technical specialist presentation
in-person + webinar:

Noise: Sonus Pty Ltd

1.30 – 7pm
Drop-in information session

DAY 2 (28 JULY)

10.30am – 12.30pm
Drop-in information session

12.30 – 1.30pm
Technical specialist presentation
in-person + webinar:

Visual impact: Moir Landscape Architects Pty Ltd

1.30 – 7pm
Drop-in information session

DAY 3 (29 JULY)

10.30am – 12.30pm
Drop-in information session

12.30 – 1.30pm
Project Information Session - General
In-person + webinar:

Tilt Renewables

1.30 – 7pm
Drop-in information session

We will not be submitting the proposed Modification Application until we have had the opportunity to consult face-to-face with the community, to get your input and help shape the proposed changes to the Approved Project.

Please make sure you are signed up to receive the e-newsletter to keep across this activity as the COVID-19 goal posts continue to change. Importantly, stay safe and healthy!
